

Cortex for Trex Deck & Fascia

Hidden Fastening Systems

The Cortex Hidden Fastening system is the best way to hide fasteners on stairs, perimeter boards, fascia and more.

Cortex Features:

- Deck plugs install 50% faster on collated strips
- Fascia plugs are engineered for fascia expansion/contraction
- Both decking and fascia plugs are made from the same Trex board materials for a perfect color match

Expanded Cortex Options for Trex decking:

- Cortex for Trex Decking comes in convenient kits with screws/plugs to cover 100LF or 300 SQFT of decking
- 2-1/2" Cortex stainless steel screws are available in 350pc boxes, perfect for coastal applications
- 1-5/8" Cortex Driller screws are available in 350pc boxes for use with steel or aluminum deck framing
- Collated Cortex decking plugs come in standalone boxes of 400 plugs, matching all Trex boards

**Selecting SKU/Board Color

When ordering, combine the SKU with the Trex color on the color match guide.
Example: Trex Select 300 SQFT Saddle = FMCTXCL-TX300SLSD

Scan the QR Code to view a list of all board/color offerings.

New board colors are always being added to the Cortex product lines.
If the board color you are looking for is not listed, consult our website for recent updates or call FastenMaster customer service.
