# TimberLOK®

Structural Wood Screw

### Features:

- Faster and easier than 3/8" lag screws
- Countersinking hex head style
- ProjectLife Guaranteed
- Approved in treated wood
- Code Compliant Evaluation Report ICC-ES ESR-1078

**Lengths:** 2-1/2", 4", 6", 8", 10"

### Packaging Quantities:

Single fastener, 12pc clamshell, 50pc box, 250pc bucket, 500pc bucket (2-1/2" only)

# HeadLOK®

Structural Wood Screw

### Features

- Faster, easier than 3/8" lag screws
- Non-countersinking flat head style
- ProjectLife Coating
- Approved for treated wood
- Code-Compliant Evaluation Report ICC-ES ESR-1078

**Lengths:** 2-7/8", 4-1/2", 6", 8", 10"  
additional sizes also available

### Packaging Quantities:

Single fastener, 12pc clamshell, 50pc box, 250pc bucket, 500pc bucket (2-7/8" only)

# LedgerLOK®

Structural Wood Screw

### Features:

- Replaces traditional 1/2" lag screws
- Hex washer head style on LedgerLOK
- TORX® tTap® Drive System on Flat Head style
- ProjectLife Coating
- Approved for treated wood
- Code-Compliant Evaluation Report ICC-ES ESR-1078

**Lengths:** 3-5/8", 5"

### Packaging Quantities:

Single fastener, 12pc clamshell, 50pc box, 250pc bucket

## VersaLOK®

Structural Wood Screw

### Features:

- Faster and easier than 1/2" Lags
- Attractive flush mount flat head
- TORX® ttap® drive system
- ProjectLife Coating
- Approved for treated lumber
- IBC/IRC Code-Compliant ESR-1078

**Lengths:** 6", 8", 10"

### Packaging Quantities:

Single fastener, 50pc box

## FlatLOK®

Structural Wood Screw

### Features:

- Strip-out resistant #40 TORX® ttap® drive system
- Guaranteed corrosion resistance
- ACQ approved
- Approved for single-sided installation
- Code compliant based on testing per ICC-ES AC233

**Lengths:** 2-7/8", 3-1/2", 4", 4-1/2", 5", 6", 6-3/4"

### Packaging Quantities:

50pc box, 250pc bucket, 500pc bucket (2-7/8" only) 200pc bucket (6-3/4" only)  
Single fasteners also available in select sizes

## ThruLOK®

Carriage & Through-Bolt Replacement

### Features:

- Faster, easier than 1/2" carriage or through-bolts
- No drill bits or wrenches required
- Galvanized coating meets code requirements for treated wood
- Code-Compliant Evaluation Report ICC-ES ESR-1078
- ProjectLife guaranteed

**Lengths:** 6-1/4", 7", 8", 9-1/2"

### Packaging Quantities:

Single fastener, 24pc box

# FrameFAST™

## Structural Framing System

### FrameFAST™ Installation Heads

- Drive with confidence using FrameFAST™ application specific installation heads
- Structural connections are completed with precise fastener location, accurate installation angle, and optimized thread engagement
- Secure roof trusses and rafters to wall plates with the Truss-to-Top Plate head
- Fasten along the continuous load path with Stud-to-Plate and Plate-to-Rim installation heads

### The FrameFAST System:

- Secure roof trusses and establish a continuous load path 5x faster by eliminating ladders, nail guns and compressors
- Critical connections are made with ease as workers stand safely on the floor
- Patented delivery system ensures consistent installation every time
- Code-compliant across USA and Canada

### FrameFAST Fastener:

- 6" threaded fastener replaces framing clips, straps, and ties
- 200 fasteners per box. Each box includes one 6" TP25 TORX Plus drive bit for use with the FrameFAST tool

### FrameFAST Tools:

- 3 power options make it easy to choose the FrameFAST tool that's right for your crew
- Fully assembled tools complete with cordless drivers by Milwaukee and DeWALT. Also available with corded driver by Milwaukee.
- Each tool includes one Truss-to-Top Plate installation head

# TrussBRACE™

## Roof Truss Support

### Features:

- Set, Space, and Brace roof trusses in one easy step
- Patented design provides both lateral and diagonal support in one brace
- Enhance safety by remaining on the bottom chord of the truss during installation
- No more climbing up to the top of the truss to install bracing
- Easy to follow installation guide is provided in every box

### Packaging Quantities:

30 per box

# PAMFast™

## AutoFeed Screw System

### The PAMFast System

- 2-in-1 interchangeable length tool is a versatile whole home fastening system.
- Smooth Advancement Technology delivers consistent fastening with no jams.
- PAMMax fastener belt holds up to 40% more fasteners so workers spend more time driving screws and less time reloading.
- PAMFast Fasteners: Featuring PAMDrive 6-lobe recess for improved bit life and fewer cam-outs

### Packaging Quantities:

50 screws per strip, 1,000 screws per box, 6 boxes per master carton

### PAMFast Tools:

- Fasten subfloor and decking while standing comfortably or convert to a short tool to fasten drywall, roof tiles, and more
- Fully assembled tools come complete with cordless screw guns by DEWALT and Makita or chose a kit to attach to your own screw gun\*
- Also available with a corded Milwaukee screw gun

\*Not compatible with all screw guns

# NLB Connector™

## For Non-Load Bearing Wall to Truss Connections

### Features:

- Provides lateral stability to non-load bearing walls while allowing vertical movement of structural members above
- Installs 8x faster while workers stand safely of the floor
- Code compliant, ACQ Approved

### Lengths: 6"

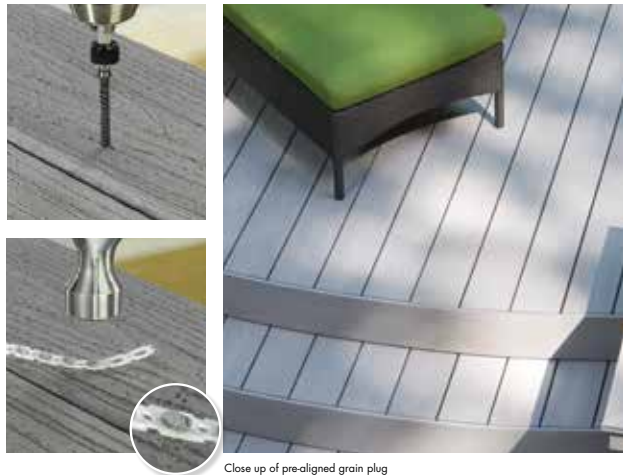

### Packaging Quantities:

50pc box with NLB Connector screws pre-assembled with sleeves, 1 NLB setting tool and 1 hex driver bit

## Cortex® Deck

Hidden Fastening System for Decking

Close up of pre-aligned grain plug

### Features:

- Collated on strips with pre-aligned grain for faster and more precise installation
- Plugs made from specific deck boards for a perfect match
- Approved for treated wood framing
- Strip-out resistant #20 TORX® ttap® drive system

### Packaging Quantities (Collated):

100 LF (224 screws, 240 plugs, 2 set. tools)

300 SF (1050 screws, 1200 plugs, 6 set. tools)

**Length:** 2-1/2"

## Cortex® FASCIA

Hidden Fastening System for Fascia

### Features:

- Engineered for fascia expansion/contraction
- Plugs made from Trex fascia board
- Strip-out resistant #20 TORX® ttap® drive system
- Perfect color match

### Packaging Quantities:

50 LF (100 screws, 105 plugs,

1 counterbore tool and 1 setting tool)

**Length:** 1-3/4"

## Cortex® Trim

Hidden Fastening System for PVC Trim

Close up of pre-aligned grain plug

### Features:

- Installs 50% faster with collated plugs
- Strip-out resistant #20 TORX® ttap® drive system
- Dual Lead Fastener Thread installs 50% faster than traditional fasteners

**Lengths:** 2", 2-3/4"

### Packaging Quantities: (Loose Plugs)

50 LF (75 screws, 100 plugs, 1 set. tool)

250 LF (375 screws, 400 plugs, 3 set. tools)

750 LF (1125 screws, 1200 plugs, 6 set. tools)

### Packaging Quantities: (Collated Plugs)

250 LF (375 screws, 400 plugs, 3 setting tools)

750 LF (1125 screws, 1200 plugs, 6 setting tools)

# TrapEase® 3 & TrapEase® FASCIA

Color Matched Deck Screw and Fascia Fastener

**Features:**

- Head painted to match board
- Corrosion and fade resistant
- Strip-out resistant #20 TORX® ttap® drive system

**Decking Lengths:** 2-1/2", 3"

**Decking Quantities:**

75pc box, 350pc bucket, 1,050pc bucket

**Fascia Length:** 1-3/4"

**Fascia Packaging Quantities:**

100 LF kit (200 screws, 1 counterbore tool, and 1 driver bit)

# GuardDog®

Exterior Wood Screw

**Features:**

- TORX® ttap® Drive System delivers stick fit, wobble free installation
- Sharp Type 17 Point for quick installation
- UV Resistant to fading or chalking
- Guaranteed Corrosion resistance for the life of the project
- Nibs under the head deliver a clean finished look

**Lengths:** 1-5/8", 2", 2-1/2", 3", 3-1/2"

**Packaging Quantities:**

75pc box, 350pc box, 1,750pc bucket, 1,350pc bucket (3-1/2" only)

# TigerClaw®

Hidden Deck Fasteners

Hidden Fastening Systems for Grooved Decking

**Features:**

- Automatically gaps decking
- Quick and easy installation
- Clean, fastener-free appearance
- Stainless steel for superior durability and ultimate corrosion resistance
- Strong connection between decking and joists

**Packaging Quantities:**

50 SF bag with hand driven screws (90 clips per bag) plus screws

500 SF bucket for use with pneumatic gun (900 clips per bucket)

**First Time User Program Sign up Here!**

# EVO® Joist to Ledger™

Deck Framing Connector

## Features:

- Tabs align joist to ledger in seconds
- Eliminates the need to tack joist in place
- Professional Exterior Grade, temperature and UV resistant
- Guaranteed for life of project
- Stronger than traditional steel connectors
- Meets IRC requirements for deck joist hangers
- Supported by ICC-ES Evaluation Report (ESR-4711)

## Packaging Quantities:

Bulk Box: (16) Connectors, (64) 5" Screws, (34) Set Screws (1) Hex Bit

Single Unit: (1) Connector, (4) 5" Screws and (2) Set Screws

# FastenMaster MVP™

Multipurpose Wood Screw

## Features:

- TORX® ttap® drive system wobble-free drive
- SureStart™ Point for fast starts
- ProjectLife™ Coating with superior corrosion protection
- SureSink™ Head prevents spin-out
- For Framing, Cabinetry & More

**Lengths:** 1-1/2", 2", 2-1/2", 3", 3-1/2", 4"

## Packaging Quantities:

100pc box, 250pc bucket, 500pc bucket, 1250pc bucket, 1600pc bucket, 2000pc bucket

# Lateral Tension System™

Code Compliant Lateral Deck Attachment

## Features:

- Meets IRC lateral load requirements for decks
- Guaranteed galvanized
- No pre-drilling required
- No interior access needed to install
- ProjectLife guaranteed

## Packaging Quantities:

Each kit contains:  
 (4) Lateral Tension Brackets  
 (4) Transfer Screws  
 (32) Bracket Mounting Screws  
 (2) Driver Bits
